

# Completing EVV Training for Certification

EVV Training is a requirement from the Ohio Department of Medicaid that must be completed in order for a provider to obtain a Medicaid Provider Number. You must select either the EVV Training for New Non-Agency Providers or New Agency Training, whichever one applies to you.

Upon completion of the training, you will receive a completion certificate that will need to be uploaded into your DODD application for certification.

1. Navigate to <https://medicaid.ohio.gov/INITIATIVES/Electronic-Visit-Verification/Training>
2. Under Provider Training Information, click “If you are a new provider who is currently in the provider enrollment process”

Individual and Provider training.

ODM has contracted with Sandata Technologies LLC to deliver Ohio's EVV system, as well as to provide program orientation and training to providers.

**Provider Training Information**

Providers will need to register for the EVV training that describes them below. Providers need to use their **ODM MEDICAID PROVIDER ID** when they register for training. This is NOT the ID assigned to you by DODD, ODA or your MCO's.

If you are a new provider who is currently in the provider enrollment process, click here.

If you had log in credentials for the Sandata system prior to 05/06/2019, select the **bridge training** below.

If you do not have log in credentials for the Sandata system, select the appropriate **Agency or Non-Agency training** below.

If you feel you need a refresher on any Sandata EVV training you've taken, self-paced is always available. Select the appropriate **Agency or Non-Agency training** below.

If you are an agency intending to use an Alternate EVV Vendor, click here.

If you do not know your ODM Medicaid Provider ID please see **Additional Training Resources** at the bottom of this page for a link to directions on locating your ODM Medicaid ID.
